New unique cooker

Directly imported from the USA, the EVO Flattop Grills are now available in Australia. The EVO aims to allow users to be able to cook socially, with the innovative round cook top which is also practical as it allows the user to reach the food from every angle.

The EVO allows users to cook both directly and indirectly and with the stainless steel hood, it can turn into an outdoor oven.

Selling points:

- Patented flattop non-stick cooking surface.
- Cooking directly, users can sear, sauté, grill, toast and stir-fry.
- Indirectly, users can boil, braise, poach or fry.
- Available in 25 inch and 30 inch models.

RRP: From \$2099 to \$4899.
